

Homework Timetable Autumn Term Part 1 2017

Years 11 and 10

GCSE subjects will **set at least** once a week. RE short course will set as necessary on the day students have that subject. **This is a minimum**. Some subjects, **especially core**, may set more than this.

BTEC courses will usually only set homework during preparation for the external exam. The rest of the work has to be completed in controlled conditions in school.

In addition to set homework students need to complete at least 1 hour a week online for Maths and spend **at least 30 minutes** per subject per week creating revision resources.

Key Stage Three

Due to the practical nature of Food Tech homework will be set as/when necessary. Some of the subjects that state 'weekly' may actually set a longer project. Sometimes if a test is due or key vocabulary is introduced students may be set other subjects.

Year 9

Weekly- Maths, English, Science, French, ICT and DT

Half-termly homework

RE/PSHCE and Performing Arts

Year 8

Weekly- Maths, English, Science, French, ICT and DT

Half-termly homework
